

# BED SCHEDULE - GUESTS, ROOMS & BEDS

Guest accommodation in 6 Barns and the Farm House

The Accommodation for 40 Guests at Trevenna is spread between 6 Barns and the Farm House. A "Site Plan" of Trevenna showing the location of the Barns, Farm House, Gardens and Parking is available as a download from our website, see bottom left of the homepage.

Please use this Bed Schedule when planning which rooms you would like your guests to sleep in. This schedule indicates whether bedrooms have a private bathroom and/or are on the first floors. A copy of this schedule must be returned to Trevenna within 4 weeks of the date of your arrival.

## NOTES ON ALLOCATING ROOMS TO GUESTS

Our Bed Schedule sets out the location in all the Barns and Farm House of double & single beds. Please do not allocate guests into beds that are not actually shown in this schedule.

## BABY GUESTS

We have 3 travel cots for baby guests to use however, parents are required to bring cot bedding. The Bed Schedule indicates in which rooms cots may be used if required. Please only allocate 3 cots across the whole site. Parents would need to bring additional cots, if more than 3 cots are required during your stay. Parents traveling with babies are better suited to the Barns as they have kitchen facilities, microwaves, washing machines, that are ideal for caring and feeding your baby guests. The Farm House rooms are not baby or child friendly as there are no kitchen facilities. We also offer a Baby Sitting service (booked in advance at £6 per hour).

## *TIPS FROM TEAM TREVENNA*

The rooms in which you allocate your Guests in entirely up to you. However, we are often asked for our tips and suggestions from our experience on what works well.

The handwritten annotations to this Bed Schedule are from Team Trevenna, sharing our know-how with you.
